Head Teacher – Mrs C Hines

Dear Parents

As part of our exciting creative curriculum, a visit from the **East Midlands Hawk and Owl trust** has been arranged for **Friday 20th May 2016**. This exciting experience will take place in school and will give the children the opportunity to learn about different birds, what they eat, where they live and the features of the animals. As part of our current topic '**The Magical Zoo**' the children have been learning about different animals and their features and this visit will increase their knowledge of the animals. Throughout the morning the children will take part in a variety of activities led by the visitors.

As this is a charity that supports the rescue and care of different birds of prey we ask for a voluntary contribution of £1 to support the work of this organisation.

Yours sincerely

Mr Brockbank
Year 1
