We hope to see many of you there!

Our New Website

Further to my recent letter, I confirm that we are currently putting the finishing touches to our new website which 'go live' in the near future. One of the main aims of the website is to promote our school with parents and the wider community of Stamford.

We have all been working very hard in partnership in recent months to develop the very best school we can. I would very much like to take the opportunity to include your positive comments about our school on our new website so that visitors to the site read about the views of our current parents.

If you would like to support us and promote our school to prospective new parents, please write a brief sentence on the attached form describing successful aspects of the educational and wider opportunities we provide for your child/children together with any other positive comments you wish to make and we will aim to include as many as possible on the website. I hope that many of you will take the opportunity to be involved in this exciting new development for our school and I look forward to receiving your comments in the near future.

Kind regards

Carol Hines
