After School Football Provision – KS2

Dear Parents

One of our key aims is to provide a wide range of curriculum and after-school opportunities for our children. In response to demand, I am currently looking into options to be able to offer children in KS2 access to an after-school football club here at school. This would be provided by a specialist company and there would be a charge to parents for this club.

At this stage, I would welcome your replies to the questions below which will enable me to see how much demand there would be for an after-school football club and if it will be affordable to parents. Please return your replies by Friday 28th March. I will contact you again in the near future to advise you further on this matter.

Kind regards

Carol Hines
Headteacher

After School Football Provision – KS2

1. My child/children would want to attend an after-school football club if possible

YES/NO

2. I would be willing to pay £3 per week for this provision if it was available
