## Nursery/Reception/Y1 and Y2 Parents Only

### Paramedic Visit to School

Dear Parents

You may have noticed two emergency vehicles on the school playground this morning!

I am delighted to advise you that we have made arrangements for the children in Nursery, Reception, Y1 and Y2 to support their creative learning by accessing a visit from two paramedics today.

Throughout the course of the day, all of the children in these classes will have the opportunity to look inside the ambulances and will also benefit from a talk from the paramedics who will be explaining to them the importance of making correct use of 999 calls in emergencies.

I am sure that the children will benefit greatly from this opportunity and will be excited to tell you about their experiences at home time.

I am grateful to the paramedics for their time and visit to our school today.

Kind regards

Carol Hines  
Headteacher
